The Evening Post.

WILMINGTON, N. C.

Wedensday, August 13th, 1873.

In another column appears the proceedings of a "Tax Payers' Meeting," which we publish by request. The complaints are so positive, and the standing of the men who participated is such as to demand attention, but at the same time we are not prepared to endorse their resolutions. We have not as yet given the subject that attention its importance demands, and we cannot conscientiously approve or condemn.

In regard to our Board of County Commissioners we will say that every one is a real estate owner in this county, and pays large taxes. They are as good a Board, in regard to ability and integrity, as can be chosen, and they have the confidence of a very large part of the community. They have found the requirements of the county to be large, and like upright, honorable business men, have set about to meet their demands. Some of our neighboring counties, which are cited as being but slightly taxed, keep up that reputation before the country, and do not pay their debts. We know the gentlemen who participated in this meeting would not favor such a course. This meeting should have thanked the Commissioners for charging three dollars for the use of the Court House for political meetings, for it saves the expense they would otherwise be put to for gas and a man to clean up the room afterwards. The erection of the addition to the Court House was needed, we think, and the furniture in the Commissioners room is, in our opinion, plain and unpretending. This, however, is a matter of opinion, and we have only referred in this article to the slightest complaints. The matter particularly complained of is the big tax for this year, and as to that it will be necessary for us to make careful examinations before we express an opinion. The information as to assessors and tax lists can readily be obtained, and the law requires the Commissioners to publish in a newspaper every item of expenditure made each year. We presume it will be done in due time, in accordance with the law.

THE Raleigh *News* is already suggesting more changes in the Constitution of the State. This was to be expected, and the people were warned of it some ago. Among the changes now proposed by the *News* is a clause requiring the payment of a poll tax to enable a man to vote. On this subject, the *News* says:

The payment of the poll tax as a requisite qualification for a voter is the law in the State of Georgia and has been found to work admirably. It places the administration of affairs in the hands of the tax-payers; and those who do not pay poll tax have no right to complain of this.

We all know how it worked in Georgia. When the time approached for voting, it was found that thousands of colored men had not paid their poll tax and arrangements were made for the payment and the Collectors would not receive the money. By this means a large number were disfranchised in one portion of the State and by these acts, Georgia elected a Democratic State ticket by an overwhelming majority, and gained the encomiums of the Democratic press throughout the United States. We exposed it at the time and consider it one of the most outrageous performances on record. It was a wholesale disfranchisement, done under color of law, which was a disgrace upon the party it was designed to aid. We are not prepared for such a state of things here at present, and do not believe such an "amendment" could be worked through at this time. We presume it will be attempted however. Let our representatives have a care. On them will lie a great deal of the responsibility.

An exchange suggests a new use for corner loafers, which is to stand in the post office and stick out their tongues to lick postage stamps for the people.

The Black River Falls (Wis.) *Banner* states that, on account of the hot weather a short time ago, the cranberry crop will not be very heavy in that vicinity. The hot sunshine blasted the blossoms in localities.

The worst of Minnesota's pests is at last among us, and clouds on clouds of grasshoppers are all around us; the air is filled with them, and the earth is covered with them. It is impossible to describe the injury they are doing to crops. The only word we have yet heard that approximates to the extent of this infliction was repeated to us last night—awful.—*Rock County (Minn.) Herald.*

TAX-PAYERS MEETING.

Stirring Speeches—The Spirit of the People—Facts and Figures Submitted—A General Uprising.

The tax-payers meeting, which adjourned in Wilmington on the 4th instant, met at Cedar Grove, in Lincoln Township, on the 9th. Though the meeting assembled calmly and harmoniously, yet there was a manifest spirit of condemnation upon the present excessive and discriminative tax assessment. It was a meeting not of politicians, not of a certain race or sect of men, but a meeting of oppressed tax-payers, in which *all* participated as wronged and oppressed people.

After the meeting was organized, the Chairman, Owen Alderman, Esq., called upon Dr. Satchwell to explain the object of the meeting. Dr. Satchwell very forcibly explained the object of the meeting, and showed conclusively how the people were wronged and imposed upon. He dwelt at length upon the astounding developments of the census returns, as applicable in the way of taxation to New Hanover county. He fortified at every step by facts and figures no less extraordinary than incontrovertible in the way of showing the intolerable burdens of our people in way of taxation; and showed how such injurious influences operated not alone as oppression upon the tax-payers and in preventing emigration here, but in causing many of our present inhabitants to become dissatisfied with their present residence in this county. Our interests and rights in this respect are not properly considered by our officials, and the general opinion prevails that our County Commissioners are mainly responsible for this painful excess and inequality of assessments in this county. In the course of his argument as to the necessity of retrenchment and reform, the speaker said that he would do no injustice to the Board of Commissioners.

He was on good terms with them all, but as a friend of the *county* rather than *party*, he considered it the duty of *every man* to rise above the influence of party ties and personal feeling in these important public matters of local policy, and to maintain a paramount allegiance to law and justice as well as to true progress and the best good of the greatest number. No county in the State seems so overburdened with taxation as New Hanover, and the people are rising in the majesty of their power to resist the oppression. Was it good economy, under existing circumstances, for the Board, who rent out, as is stated, the Court House for public meetings at three dollars per night, and who seemed to haggle, last Monday night, upon the payment of just amounts for the support of deserving paupers, backed up by reliable evidence of their inability to support themselves, to have erected, out of the peoples' money, at a heavy cost of three thousand dollars, the fine brick edifice in which to hold their meetings, with nice furniture, which must no doubt be also costly?

The poverty-stricken tax-payers of the county can barely maintain themselves and pay their debts, besides paying a *just* and *reasonable* tax.

He hoped if any gentleman of the Board did not deem himself responsible for these acts of the Board, that he would disclaim it.

He continued in his statements of interesting facts and figures for over an hour, and produced a marked impression upon the large and attentive audience.

After the conclusion of Dr. Satchwell's address, a committee of nine was appointed to draft resolutions and to express the sense of the people therein. The following are the members of the committee: William J. Bivins, A. Gamburg, Israel Keith, Dr. Simpson, E. L. Robinson, John Bell, Dr. Satchwell, Cæsar Dudley and Capias Bordeaux.

During the absence of the committee Mr. Bruce Williams was called to the stand and made a speech of some length. He spoke of the unnecessary expenditures of the county authorities in the way of conveniences, clerks, &c. He dwelt particularly upon the importance of the people taking into consideration the past acts of their representatives—the County Commissioners.

He appealed to the people to arouse from their lethargy and stand by the Executive Committee of the tax-payers in their attempt to saddle upon the proper parties the present unjust, unfair and *discriminative* system of taxation. He has evidently given these wrongs complained of much study and very forcibly laid them before the people. All present were impressed with the able manner in which he delivered himself.

After Mr. Williams concluded, Dr. Simpson, of Point Caswell, addressed the meeting with becoming warmth against the present excessive system of taxation.

After Dr. Simpson had finished his remarks, the committee appointed from the four townships represented, submitted the following report which was *unanimously* adopted.

WHEREAS, In the declaration of right in the Constitution of North Carolina, it is expressly declared that, "The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the Legislature for redress and grievances:" In the same chart for the guidance of our lawmakers, as well as for those who interpret and execute the laws, it is asserted as a fudamental rule of government that "a frequent recurance to fundemental principles as absolutely necessary to preserve the blessings of liberty." It was the exercise of this great birth right of American freemen, constituting that blood bought privilege and principle, instinctive in American manhood, and traditionary from 1776, which nerved the hearts and strengthened the arms of our revolutionary forefathers, in their successful resistance of the encroachments of Great Britian upon the rights and liberties of the American colonies, at a time when a system of unjust, unequal and onerous taxation was tyranically sought to be imposed upon them. This intolerable usurpation of power, and grinding exaction of tax laws, had much to do in causing the American Revolution of 1776; and now, with our oppressive and intolerable burden of high taxes, imposed in so many instances, in 8 or 9 townships of the county, without uniformity and fairness, and in violation, as we hold, of right, justice, and the Constitution, the hearts of the people of New Hanover, without distinction of party, color, class, or condition, are fined as surely before, with protest and indignation, and with an honest and patriotic determination to resist with all the available means of law, constitutional rights, and other appropriate agencies, in their power to use. In this they are justified not alone by the inherent rights of man, under our form of government, but also by the astounding developments of the Census Reports for 1870, that the total amount of taxation in New Hanover county for State, city and county purposes for that year amounted to over $236,750, which is a sum greater by upwards of $500 than the whole taxation for the same purpose the same year in the six counties of Cumberland, Wake, Edgecombe, Craven, Lenoir and Duplin, the total and combined amount of taxation in which counties for 1870 was $237,234, and yet the census proclaims the startling fact that New Hanover has taxable property less than $10,000,000, while the other six counties named have, combined, taxable property amounting in value to over $34,000,000. From the same Census Returns it also appears as a remarkable fact that our flourishing and enterprising city of Wilmington was then struggling under a load of taxation greater than the combined amount paid by Raleigh, Tarboro, Magnolia, Fayetteville, Kinston, and Newbern. Since then real estate outside of Wilmington has decreased rather than increased in price, and yet the tax assessments laid upon the property of our impoverished people, have enormously increased, and in this year of 1873, at least eight or nine townships, this increase is most exorbitant, and in many cases, in each of these townships, the taxes have been doubled, and in not a few instances trebled, and even quadrupled in amount, over that of last year, and without any good reasons so far as we can see.

AND WHEREAS, The Constitution of the State, Article 5th, Section 1st, declares that the capitation or poll tax "shall be equal on each to the tax on property valued at three hundred dollars in cash", and that this State and County capitation tax combined shall never exceed two dollars on the head." It is also declared in the Constitution, Article 5th, Sec. 7th, that the county taxes levied by the Commissioners "shall be levied in like manner with the State taxes, and shall never exceed the double of the State tax, except for a special purpose and with the special approval of the General Assembly." And yet, in the face of these provisions, the Sheriff of the county, under the direction of the authoritative mandate of the County Board of Commissioners, with the authority of the Legislature, that the State taxes, amounting to about fifty cents and one-third on the one hundred dollars' worth of property, *are not to be excelled by the county taxes more than double, calls, as the law compels him to do*, upon tax-payers for the enormous sums laid down in his tax books; and, in addition to this crushing burden of a general character, is bound, as matters now stand, to ask many tax-payers in each of said eight or nine townships for the payment of taxes, *double*, and, in not a few instances, *treble*, and sometimes *quadruple*, in amount over taxes paid last year on the same property. We can see nothing in the laws and Constitution of the State, in the revenue enactments of the Legislature, or in the public demands of the county, or condition of the people of the county, to call for, or justify, the extraordinary tax assessments of this year.

AND WHEREAS, The Revenue laws of the present Legislature require the Board of County Commissioners to meet on the *third Monday in May last*, to receive the tax lists, hear complaints, &c., and to continue in session for three days, at least, and also provides that complaints of tax-payers shall be heard, not alone after their taxes have been paid to the Sheriff, but even after that officer has settled with the Auditor of the State; (see Sec. 18 of the Machinery act), and yet, not only has no notice been given, as the law directs, of this meeting of the Board, so far as we can find, but several weeks afterwards, and by a public notice bearing date *June 19th*, 1873, it was stated by the chairman that such a meeting *would be* held on the 19th 20th and 21st of June, and that *no complaint thereafter made* would be entertained by the Board. This meeting, held not to arouse a groundless claim against the Commissioners, but to subserve the ends of law and justice and to promote the prosperity of the whole county, cannot but condemn this disregard of law and the rights of our over-burdened tax-payers without regard to party or color; therefore

Resolved, That we object to and denounce the present system of assessments adopted by our Board of County Commissioners, and especially remonstrate against the unfairness and inequality so prevalent in each of said eight or nine townships, and will exhaust all the means at our command to effect a proper reduction of taxes, and to prevent unfair and unequal collections.

Resolved, That we respectfully call upon said Board of Commissioners to make a public statement of the manner in which these objectionable assessments were made, by whose authority it was done, and for what purpose, as much dissatisfaction still exists in the various townships referred to, notwithstanding the promise of the Board on last Monday night that they on next Thursday night would hear in writing written complaints from tax-payers. If any gentleman of the Board is not entitled to the responsibility of sharing in acts of the Board herein alluded to, he will disclaim it or not, according to his own discretion. It is but just to the Board and to the public, that the people should know how and by whom the assessments were made, as well as the amount of expenditures made in preparing the tax-books now in the hands of the Sheriff.

Resolved, That while no one objected, as far as we know to the action of the Board, in heretofore examining, through a committee, into the books and official records of our Court House officials, we, at the same time, suggest to the Board to open wide their own doors and books as to their own assessments, expenditures, appropriations, &c.

Resolved, That we respectfully ask them to appoint specific days and hours convenient to all parties for hearing complaints in writing of tax-payers who consider themselves overtaxed to the end that just grievances in the way of taxation may be redressed.

Resolved, That an Executive Committee of nine be appointed by the Chairman of this meeting to act for complaining tax-payers in the absence of public meetings, to appear themselves or by attorney before the Board of County Commissioners or other authorities, to make known their grievances in the way of taxes of those unable to attend, and to call tax-payers' meetings, whenever in their opinion necessary, and without distinction of color or party.

Speeches in favor of the above preamble and resolutions and in advocacy of a change and reform in county affairs were made by Messrs. Everett Smith, W. W. Larkins, John Bell, and others. The harmony and unanimity of feeling which prevailed indicated an earnestness of work which promises much good.

The Chairman appointed the following Executive Committee: Dr. Satchwell, Dr. Simpson, C. M. Galloway, Bruce Williams, John Bell, James Garrason, D. T. Durham, Will J. Bivins, George Bordeaux.

On motion, the Chairman of the meeting was requested to prepare the proceedings of the meeting for publication, to sign the same, and to send them for publication to the Wilmington papers.

The meeting then adjourned to meet at Point Caswell, at 12 o'clock on Saturday next.

OWEN ALDERMAN,
August 9th, 1873. Chairman.

EDITORIAL BUDGET.

— Late reports from Louisiana show that the cotton crop is improving daily, and the prospects now are that the crop will be greater than that of last year. Advices from Texas say that the cotton crop promises to go beyond the most sanguine expectations of everybody.

On the 8th of July eleven horses were stolen from the ranche of a private citizen of New Mexico. Ten men of company C, 8th cavalry followed the trail and recovered the animals after a brisk skirmish, in which one United States soldier was killed and three Indians. They belonged to the Apaches.

The Postmaster General has decided that postmasters cannot use the official stamps of the Postoffice Department for the return of mutilated fractional currency to the Treasury Department for redemption. In accordance wilh this decision senders of fractional currency for redemption, including postmasters, will have to pay postage out of their own pockets.

— There is only one question connected with the Virginius which is considered of sufficient importance to justify examination, viz: Whether that vessel was, about two years ago, sold to one of the South American republics, as stated at the time. If so, the Virginius is now sailing under papers (United States) to which she has no right, and for which offence she would be liable to capture by our own authorities.

— The Powhatan left Norfolk Aug. 7 for Halifax. She will return to New York about the 1st of September. The Monongahela, fitting out at Portsmouth New Hampshire, is now ready for her officers. She will be ready for sea about the 25th inst. The arrival of the Narragansett at San Francisco is announced by telegraph. She touched for coal and provisions. She is on surveying service in that region.

OTTO SCHUTZE, Observer, U. S A.

THE REVENUE STEAMER COLFAX is ordered to cruise from Baltimore to Savannah, along the coast. Rather a long cruise for a revenue steamer, we should think.

S. HANSTEIN & Co., New York House, 15 Market street, are offering their entire stock of drygoods, clothing, boots and shoes, at New York cost.

THE members of the W. S. F. E. Co. decided, last night, to change their engine for one of a smaller size, as the Rankin is too heavy for this sand. This is a very sensible move.

THE cheapest stock of drygoods to be found this side of New York is at

S. HANSTEIN & Co.'s

TO MAKE room for a large Fall stock we have reduced our prices, and are now selling our entire stock cheaper than the cheapest.

TOWN CREEK ASSAULT.—George Goodman, the unfortunate colored man who was struck with a grubbing hoe a few days ago is improving a little. Yesterday morning was the first time that he was able to speak, and he has not uttered a sylable since. But little hopes are entertained of his recovery.

THE only chance of getting a suit of clothing, shoes, shirts, &c., at New York cost, is to go to

S. HANSTEIN & Co's.,

THE TEMPLE COMPLTED.—The magnificent Masonic Temple of Philadelphia is about completed and the dedication ceremonies will take place Sept. 26th. Invitations in the highest style of the engraver's art, are being sent to the craft all over the world, and the occasion will probably be one of the grandest ever witnessed among the Order. This Temple is built of white granite and is 150 by 250 feet large.—The tower is 240 feet high. The cost of the building, ground and furniture, was $1,500,000. D.·. G.·. M.·. Gardner of this, city has received invitations for many of the craft here, and we expect to see Wilmington represented on that occasion.

ANOTHER SERIOUS ACCIDENT.—The body of —— Carter, the son of Mr. Robert Carter, engineer on the W. C. & A. R. R., was found under the rail road bridge at Smith's creek last evening about dark. The body was entirely nude and one arm was missing. He was alive and well yesterday morning.

The Coroner's inquest held this morning elicited the following: Young Carter was about 8 years of age. His body was badly lacerated, and his head bore marks of violence, tongue hanging out, etc. Foul play is suspected. The little fellow was seen going out in the morning with two colored boys, who have not been since. Dr. W. W. Lane, assisted by W. Cowan Green, made an examination of the body, but did not make a thorough post mortem examination, as the external marks were sufficient to show cause of death. The jury rendered a verdict in accordance with the above facts.

— An item appeared in the local columns yesterday in relation to the death of R. S. Taylor, of Craven county, which should have been credited to the New Berne *Times*.

DITCH CONTRACT.—The award was made to-day by the Mayor for cleaning out the ditches within the city limits. W. H. Thurber got it, being the lowest bidder at $1,100. The bids ranged from that amount up to $2,300.

UNSOPHISTICATED.—A country cousin who had indulged in more benzine this is allowed by the city ordinance was creating some considerable excitement on the corner of Market and Second streets, when he was bagged by a policeman and carried up to the guard house to cool off.

George Sanders, believing in the old adage that "a turn about was fair play," sued out a warrant against Jack Dyer for assaulting and striking him. The court fined Jack $25 and cost for his little pugilistic sport.

Julia Emma Ford sued out a warrant before the same functionary against Caroline and Teny McKoy for abusing and assaulting her. Case not disposed of at the time of closing our report.

Mayor's Court.

Geo. Knight, charged with being disorderly in the street, was required to pay the penalty and cost.

Luke Beaty, Jack Johnson and Joe Cliff were continued until to-morrow morning.

Jack Davis, charged with being drunk, was required to pay the cost.

Jas. Record, charged with selling liquor on Sunday, was dismissed.

Julia Ford, for cursing in the street, was required to pay the cost.

Jos. Green was continued until to-morrow.

Jack Johnson, for failing to appear at Court after being summoned, forfeited his bond.

Mollie Waterman and Her Dog.

In the private album of the chief of police, where all the celebrated women's pictures, or "mugs of the Molls" attached to the rogues' gallery are kept, there are many striking faces; some fair, beautiful and proud, others soft and delicate, others pinched and sharp, while again are those intellectual and with the stamp of refinement and wealth. Mollie Waterman's picture is none of these. It is that of a plain, cold woman, just like that of a statue would be, with her black hair folded back and bound around her head, while her dress of rich black is caught by the throat with a heavy clasp.

By her side, with its head in her lap, and its intelligent eyes looking eagerly into her face, is a black-and-tan dog of medium size and with a plain collar.

A singular picture to see in a gallery of thieves, yet probably the most singular pair found in the long lines of faces.

Mollie Waterman never stole herself. She trained her dog. Going into a store, she selected various costly laces, jewelry, &c., and looking at them placed them back with a particular motion of her hand, shortly going out of the store. The dog remained, and seizing the article when the shopman's back was turned, made with it to her roam, where it was received by Mollie and the dog regarded.

For years she plied this with success, until one day the dog was caught there. Unheeding of herself, she surrendered, imploring for the life of her favorite.

The pictures of the two were, however, taken together, and then the dog was killed, the body being inhumanly thrown into the cell where the woman lay.

So the police left them; but when they returned with the morning, she was found dead, poisoned by her own hand, lying with her steadfast friend.

There was a rude inquest, of course—a coroner and a joking crowd—but when the two were tumbled into their old box, out into the Potter's Field, tnere were closed out forever two who might be an example to many loving friends.

The POST observes among it exchanges, lists of contributions to the Orphan Asylum at Oxford, made by the generous and tender-hearted in all sections of the State, and among others, material assistance has been rendered by colored people to this very deserving Institution, but it has failed thus far to see anything credited to Wilmington.

The New-Berne *Times* says: An old iron launch which was sunk at the blockade in the Neuse river above the city during the war, has been raised by two colored men at their own expense, and now lies at Wade & Howard's ship-yard. The men deserve to have the vessel for their trouble, as she is of little value. The fact has been reported to the Treasury Department, and they will no doubt be given the vessel for the good they have done in improving navigation.

The New-Berne *Times* learns that a serious accident occurred in Jones county, near Pollocksville, Monday morning, by which Furnifold Becton was seriously if not fatally injured. It appears that he was driving a lively horse to a buggy, with Mrs. Lee, of Jones county, riding with him, when the horse took fright at some sheep and ran away, throwing them out, and, as above stated, seriously injuring Mr. Becton, who is not expected to live. Mrs. Lee escaped with slight injuries.

TO THE WEST! TO THE WEST!
Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.
By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the
ST. LOUIS & SOUTHEASTERN RAILWAY,
has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.
It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that
The "St. Louis & Southeastern"
is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.
You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES MCCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

THE EVENING POST.

J. C. MANN,

EDITOR & PROPRIETOR.

Published every evening, except Sunday, at

Five Dollars per Annum.

The POST is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the

LATEST NEWS,

up to the time of going to press,

TELEGRAPHIC,
BY MAIL,
COMMERCIAL
AND LOCAL.

It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give

RELIABLE INTELLIGENCE,

its publisher hopes it will prove a welcome guest in many families.

THE POST

is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an

Advertising Medium

it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city. Politically the POST is

UNSWERVINGLY REPUBLICAN.

Its editor having been a consistent member of that party since 1855, through its vicisitudes and triumphs, he claims to speak advisedly when advocating its principles. He is not, however an "extremist," and accords to others what he claims for himself, the right of free thought and of free speech.

THE ADVERTISING RATES of the POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage.

THE EVENING POST

is closely identified with the local welfare of the Cape Fear region, and the believers in progress, whether

EDUCATIONAL,
AGRICULTURAL,
MECHANICAL, or
COMMERCIAL,

will find an enthusiastic ally in THE POST.

THE POST

is opposed to monopolies, but in favor of internal improvements, and a firm believer in the patronage and support of home enterprises and institutions.

We especially call the attention to the following testimonials of the Paint:

C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly,

Creswell P. O., Hartford county, Md., Feb. 6th, 1873. A. H. STRASBAUGH.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.

Very respectfully and truly, S. McGILL, M. D.

TO THE PUBLIC—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work were paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.

WM. E. SINN,

BALTIMORE, April 25, 1873. Front Street Theatre.

CHAMBERSBURG, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception. Yours, truly,

JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours, Respectfully, JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheefully endorse as the best of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all k nds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a goed job of work.

Very Respectfully, EMART & QUARTLEY, 270 W. Baltimore St.

House, Sign and Frescoe Painters.

PLEASANTVILLE, HARTFORD CO., MD.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.

Very Respetfully, R. DICKEY, M. D.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or depraved tastes.—*Boston Globe.*

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life.—*Brooklyn Eagle.*

AS A FAMILY PAPER,

The TIMES will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL,

The TIMES will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The TIMES stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the TIMES. But it will not conspire in assisting ambitious politicians or demagogues to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES

Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly TIMES: One copy, one year, $3; two copies, one year, $5; ten copies, one year, $25—and one extra copy free.

Subscripttons to either of our editions received for a less length of time than one year at yearly rate.
